

FUNCTIONAL SECTION: REPORT 2017

Chairman: Massimo Scerrati

Liaison with National Society

Strict cooperation has been developed with the Italian Society of Neurosurgery in the activity of the regional Section of Functional Neurosurgery, planning the specific program in occasion of the national congresses (2016-2017) as well as dedicated courses and events endorsed by SINch:

- Hands-on course, March 2-3, 2017, Milan
- Annual course in Neurosurgery (with specific session for Functional Neurosurgery, June 29-July 1, 2017, Ancona)
- Symposium on Functional Localization in Neurosurgical Practice, September 28-29, 2017, Ancona

Our courses are addressed to residents and young neurosurgeons up to 35, and are offered completely free (arrangement included) to participants (around 35-40) coming from all the neurosurgical schools of Italy. In all our events young people have been invited to join EANS programme and to become Individual Members.

EANS 2017

- Cooperation with Prof. Domenico D'Avella and Bodo Lippitz as member of the Scientific Committee for the Sections of Functional Neurosurgery and Radiosurgery.
- Cooperation with Prof. Francesco Sala in the organization of the EANS IONM WORKSHOP to be held in Verona December, 14th-16th, 2017.

Massimo Scerrati
